March Programs

We had several illuminating programs in March. Rev. Randy Atchley, discussed the 14-month residential addiction treatment program for adult males in Peoria that are 18 years or older. The program is available to all of McLean County as well. Karen Bruning, told us about the benefits of Heartland's Head Start Program, Dr. Daniel Holland gave us a thorough look at ISU's Solar Car Project. Greg Voyzey, explained that the Boy Scouts of Central Illinois were a superior group.

Dr. Daniel Holland discusses ISU's Solar Powered Car Project

President Elect Training

President Elect, Greg Meyer and Joe Mikulecky attended PETS over St. Patrick's Day Weekend. Several luminaries from District 6490 were in attendance. Greg would love to share his experience with anyone who is thinking about a leadership position in our club. The club won big that weekend when President Elect Meyer used his top drawer negotiating skills to cut a deal with a fellow Rotarian to store our Cajun Craze materials at no cost! Great job, Greg!

President Elect Training in Effingham
